Versant English Placement Test

Test Completion Date (GMT) 3 March 2025 Test Identification Number (TIN) 77820068

Versant scores are aligned to the Global Scale of English (GSE). The GSE runs from 10 to 90, with clear statements of what a learner can achieve at any point on the scale.

**Overall GSE Score**  
**84**  
CEFR: C1

Candidate speaks and understands at native-speaker speeds with minimal effort, and can contribute readily to a native-paced discussion at length, maintaining the colloquial flow. Speech is fluent and intelligible. Candidate has consistent mastery of complex language structures. Candidate reads and writes at native-speaker speeds, and can readily produce written texts for most purposes. Writing is generally effective and clear.

**Understanding the Skills**  
**Overall Score**  
The Overall score of the test represents the ability to understand spoken and written English and respond appropriately in speaking and writing on everyday topics, at an appropriate pace and in intelligible English. Scores are based on a weighted combination of the four skill scores.

**GSE**  
The Global Scale of English (GSE) is a standardized, granular scale from 10 to 90, which measures English language proficiency. Visit [English.com/gse](https://www.english.com/gse) to learn more.

GSE 84/90 is equivalent to Versant 78/80

**79** Speaking **88** Listening **88** Writing **88** Reading

Skill	GSE Score
Speaking	79
Listening	88
Writing	88
Reading	88

**Additional Performance Indicators**  
**Typing Speed**  
88 words per minute  
Typing speed is the number of words typed in one minute in the Typing task. For a valid Writing score, candidates should type faster than 12 WPM.

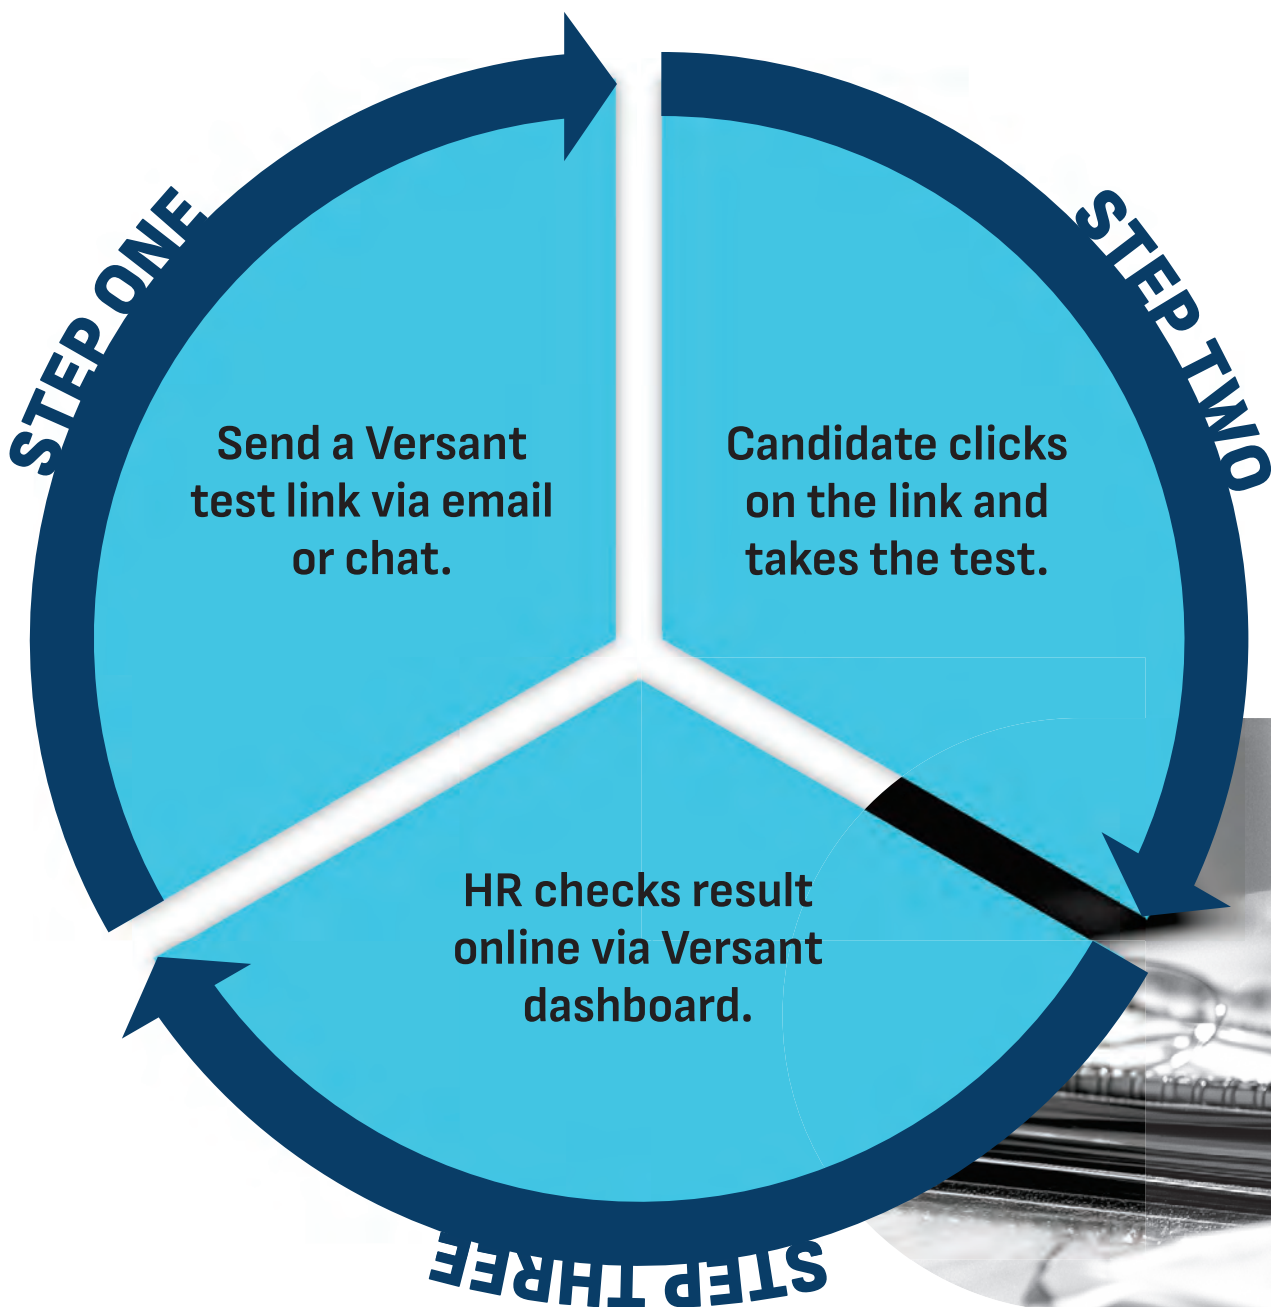

**Typing Accuracy**  
98% words typed accurately  
Typing accuracy refers to the percentage correctly typed in the Typing task. For a valid Writing score, candidates should have at least 90% accuracy.

# Versant by Pearson + Remote Monitoring

Test anytime, anywhere  
without compromising  
security and accuracy.  
Place your students  
early and on a scale.

Versant + Remote Monitoring is  
a secure and reliable way to  
assess your students' English  
skills off-campus.

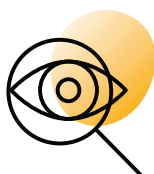

# Remote monitoring secured by AI, trusted by experts

Versant by Pearson + Remote Monitoring allows your students to take the Versant by Pearson English exams off-campus, with additional layers of security and verification. Pearson has partnered with HirePro, a leading HR assessment solution provider with over 15 years of proctoring experience, to automatically monitor Versant by Pearson testing using their specialized AI algorithms. While there is no human invigilator present during the exam, test sessions are monitored and recorded through HirePro's online proctoring service, and suspicious test taker behaviors are flagged for administrators to review.

## How does it work?

AI algorithms detect any suspicious activities during testing, empowering teachers to review whether a test result seems authentic.

### What is it looking for?

**Image monitoring:** a different face or multiple faces appearing in the video frame, or camera blocked

**Browser monitoring:** navigating away from the test window. Changing tabs multiple times will be counted as violations

**Video monitoring:** test taker moving out of camera view, more than one person in camera view, or looking away from the camera multiple times

**Complete recording:** access anytime for audits and reviews. Suspicious segments highlighted for easy review
